

Airport Screening Notification Card

rare voices
AUSTRALIA®

All passengers and their belongings are required to undergo airport security screening. If you need assistance during screening, you or your traveling companion may talk to the airport screening officer about the best way to complete the screening process.

You may wish to inform them of your rare disease disability and medication needs verbally or discreetly using the Airport Screening Notification Card.

1 Enter details

I have the following health condition, disability or medical device that may affect my screening:

I understand that alternate screening options are available and can be done in private.
I also understand that presenting this card does not exempt me from screening.
